This, Marion County, has certainly gone Democratic, the entire ticket being elected by from 500 to 500. It will take the complete vote to determine the result in the State. The Sensities and Secretary Sheerin, of the National Democratic Committee, say the State is certainly Democratic, while the Journal and Charman Huston of the Republican Committee are as confident that the State is Ropublican. The Netos, Independent says the State is Industry, but the chances are in favor of the Republicans. The exact result will not be known before to-morrow.

Headquarters, and it was given out as the official utterance of the National Committee to the crowd of anxious visitors who thronged the pariors this morning in search of the inest news.

The statement is based upon the fact that the corrected returns from the interior counties of the State show a larger cutting down of the earlier flarrison gains, and many of the counties whose plurality hadialready been given purporting to be in full are still found to be incomplete. Especially is this true, it is claimed, in Kings County, where it is and that there will be a fight before the count is completed.

When it was learned that Illinois and Wisconsin might be close States as well as Indiana and Committee the count is completed.

Up to noon to-day only one reply had been received, and that was from Chairman Clinton B. Davis, from Bartford, Conn. It said:

"We are safe after the hardest battle ever fought in this State—400 plurality."

Col. Brice did not make his appearance at headquarters during the morning, and refused to see any one at his hotel. Governor-David Bennett Hill. Lieutenant-Governor-Edward F. Jones. In Chemung County, too, President Cleveland received a handsome tribute from the friends of the Governor, the Republican plurality of '84 being turned into a Democratic overlapping of 1,047—a gain of 1,000. Now York City gave Gov. Hill asplendid plurality of 68,000.

AT Republican headquarters there were very few visitors during the forenoon, but all that came there were ready to believe the statements made by members of the Committee that Harrison had swept everything.

Democrats Positively Claim the State Nov -San Francisco's Vote.

The exact result will not be known before tomorrow.

INDIANAPOLIS, Nov. 7.—11 A. M.—The feeling at
this writing is one of uncertainty. Democratic
gains are shown in returns from Marion
Gounty, but some of the strongest Republican
wards and precincts are yet to hear from.
Both sides claim the State, but each admit that it
may go either way. The latest reports
show that in 440 out of 1,806 Precincts
in the State, Harrison has a net gain of 2500,
Important reports are expected every mirate
and the excitement on the street is intense. The
Republicans are inclined to be jundant over the
indications showing each Harrison's election, but
feel, as one gentleman expressed it, that the sauce
is spoiled by the seasoning of Indiana Democrats. SAN FRANCISCO, Cal., Nov. 7.—The returns received from the interior look well for Cleveland. His probable majority in this caty is 7,000. The State is now positively claimed by the Democrats, SAN FRANCISCO, Nov. 7.—Indications are that California sees Democratic, but returns not all in. Southern part of State shows Democratic gains where Republicans claimed all new settlers in San Francisco. It is probably a sweep for Cleveland. Count is very slow.

Robert Ferrall (Dem.) is probably elected to succeed W. W. Morrow in the Fourth Congressional District, though his majority will not be Irrge. T. J. Clume (Dem.) will represent the Fifth District, Riggs (Dem.) may be re-elected in the second, but the other districts seem safe for the Republicans. INFECIAL TO THE EVERING WORLD, I

"What will poor Robin do then?"
The Democrats of this city elected a solid dele ation to the Fifty-first Congress. That was glory, but Tammany succeeded in gaining a victory fo her own candidates for Congress wherever they

her own candidates for Congress wherever they had had one. And that was a greater glory.

They whipped the Counties and they walloped the Republicans in every contest.

What wonder, then, that in the lobby of the Fourteenth street winwam this horning they grasped hands in a circle and executed a war dance? A dance of joy, despite the National defeat which they had fought manfully to avert.

The best part of the whole event of election in the hearts of the braves is that despite the fight to the death between them and the Counties there is to be found in the returns no indication of systematic trading.

the hearts of the braves is that despite the fight to the death between them and the Counties there is to be found in the returns nq indication of systematic trading.

Last night at Tammany Hall, while 4,000 men were yelling themselves hoares and ladies were waving bandannas from the galieries on either side as the early and favorable returns came in, Tammany shook hands with herself.

There was oratory and the flourish of trumpets, for old Tammany had a right to expect that the Democrats in Kings County and the up country had done as she had done.

But when the reports began to indicate that the farmers were cutting out the Democratic gains of the cities the venerable Gen. John Cochrane gave his benedletion to the roaring congregation and the hall was shut up.

It was a bold stroke, that of putting into the field the very incarnation of Tammany, Hugh J. Grant, in the face of a people's nomination. But that gives the victory of yesterday an especial favor, and must carry to the hearts of the clique who got up that Ccoper Union "spontaneity" a pang not at all agreeable.

And what of Col. James J. Coogan, of the Bowery, Thigh svente and Mott Haven?

His voice, 617, in a poil of 804,880. He expected not less than 90,600.

The voice in the Mayoralty contest presents an interesting study. Grant received 114,185; Erhardt was third with 70,873; and Father Abram won second place by 70,931; Wardwell, 730; and Cynthia Leonard got 8. There are twenty-nine election districts missing.

Civil justice John Henry McCarthy, the little giant who whipped Tim Campbell for Congress, and old Shirt Collar "Spin," and Frank Fitzger-ald, whe won in the Eixth despite the deal between his County Democracy opponent and the Republicans, and "Sanset" Cox, and Asbel P. Fitch, who were returned to the places where they had done their whole duty by their constituents—these men must have been full of loy last night.

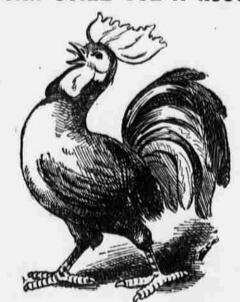

James A. Flack and kdward P. Reilly must have felt the pleasures of good and faithful servants wao had been again a swarded the h

said Col. Lamont, as he entered the white house at 10 o'clock this morning.

"I is tayed at the White House till 1 o'clock looking at the returns, and there seemed no doubt of it. The Republican gains in the interior of New York were heavy, and there was a slump in Kings County that I don't understand.

"I thought it had gone against us at 8 o'clock last night." "I thought it had gone against us as of one night,"

Col. Lamont spoke in his usual quiet manner and seemed to be unrumed by the result, which, of course, must be a great disappointmen to him, although it was well understood that he did not expect to remain in his present place i Cleveland was re-elected.

West Virginia is Doubtful.

WHERLING, W. Va., Nov. 7.—7a. M.—At this hour but two precincts in this city and county have reported. One shows a Republican gain of M and the other a Republican loss of 50. The city and county complete will not be tabulated before noon.

The Register this a. M. claims the State for Geveland by an increased majority, but there is almost a total absence of data.

Pendicton (Dem.) is probably elected to Congress in the First District.

RICHMOND, Va., Nov. 7. —Unofficial returns up

RIGHMOND, Va., Nov. 7.—Unofficial returns up to 6.30 o'clock, this morning from forty-five counties and eleven cities in the State show Democrationses of 5, 760 and gains of 3, 544, as compared withe vote of 1884, when Cleveland carried the State by 6,003 majority.

The remaining counties to hear from there igood reason to believe will be more favorable to the Democrats, but even should the same ratio oloss and gain be observed, Cleveland would stickerty the State.

The Latest Returns.

Returns from 1,008 election districts in the State utside of this city give Cleveland 205, 451; Harr son, 253, 818; Flak, 11, 984. The same districts in 1884 gave Cleveland 169, 024; Blaine, 226, 518; St. John, 11, 236. Returns from 1, 029 districts outside of New York give Hill 255, 313; Miller, 258, 074; Jones, 10, 048. The same districts in 1885 gave Hill 163, 498; Davenporta 189, 552; Bascom, 12, 051.

Oregon's Republican Showing. PORTLAND, Ore., Nov. 1. —The majority for Harrison in Oregon will be between 7,000 and 8,000.

4 O'CLOCK.

KINGS!

Why Did You Defeat Cleveland?

The Democratic Ticket Beaten Over the Big Bridge.

This Is the Notable Feature of the Situation.

What Boss McLaughlin Has to Say About It.

As the smoke of the contest clears away, lain that Kings County is largely responsible for Cleveland's defeat.

Had Kings County stood shoulder to shoulder with New York County Cleveland would have been Had Kings merely held its own with 1884,

son's margin would have been extremely narrow, if any had been left him. In 1884 Kings gave Cleveland 15,729 plurality In 1888 Kings gave nim only about 11, 857 plurality

ity, a loss of 4,872 votes.

The revelation of the why and wherefore of this defection of Kings County will be exceedingly in-

fast. He was seated alone at the head of the

something about any in the capress and so will express none. "I have no opinion to express and so will express none." The old man sighed, and it was evident that he at least was disappointed in the result.

Mr. James Duen, the keeper of the City Hall, and a prominent politician, said:

"I attribute the falling off to an organized." I attribute the falling off to an organized.

a prominent politician, said:

"I attribute the failing off to an organized movement among the Republicans to ouy up all the votes they could get, and the sacrificing of Cleveland in many of the county townships for the sake of the local ticket.

"This is illustrated in the vote cast in Gravesend, a formerly strong Democratic town which gave Cleveland a majority last time. Look at the gures this morning, which give 834 for Harrison and only 382 for Cleveland. Think of that, in John Y. Mckane's district, too.

"If you compare the ward votes with those of last time, you will find, with few exceptions, that there is a slight falling off in each. It is an easy matter to buy a few votes in each ward, and the combined number will help decrease the plurality.

"There was a prominent Republican down in the sixth Ward that was surrounded by ten heeless whom I know positively to be Democrata, but were hired to vote the Republican tokes and persuade their friends to the same course.

Managing Editor Effry of the Handard-Union said that Cleveland's low vote was due to the feat in this manufacciaring city that his party, if sue cessful, would force free trade.

Editor Bernard Peters, of the Brooklyn Times, and: "I am of the oplion that in Kinge County there was a caimer and a more thorough discussion of the main lister, the Tariff, and that fewer side waves and diverting a cencies were at work to divert the minds of voters. Besides, Brooklyn is made up largely of an intelligent middle class who, on Natival lessues, are not to go Republican in their sympathies and tondencies.

"There was a decided movement in this city in favor of Cleveland four years ago.

"Uleveland's inconnistent counts to the question of free trade and his inconnistent course on Civil Service produced a reaction and lost him many votes in this county."
